(Detach this instruction sheet before submitting your application)

PAPERWORK REDUCTION ACT NOTICE

This request is in accordance with the Paperwork Reduction Act of 1995. The purpose of this information collection is to allow ATF to determine if the article(s) described on the application qualifies for importation by the importer, and to serve as the authorization for the importer. This information is mandatory (18 U.S.C. 925(d), 26 U.S.C. 5844, 22 U.S.C. 2778).

The estimated average burden associated with this collection of information is 30 minutes per respondent or recordkeeper, depending on individual circumstances. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be addressed to Reports Management Officer, Document Services Branch, Bureau of Alcohol, Tobacco and Firearms, Washington, DC 20226.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

GENERAL INFORMATION

1. An approved ATF F 6 - Part I (5330.3A) is required to import firearms, ammunition, and implements of war into the United States or any possession thereof, except for certain exempt importations prescribed in 27 CFR parts 47, 178 and 179. A military member of the U.S. Armed Forces who is on active duty outside the U.S., or who has been on active duty outside the U.S. during the 60-day period immediately preceded the intended importation, should complete ATF F 6 - Part II (5330.3B) to import sporting type firearms or ammunition for his personal use.
2. Any person engaged in the business of importing firearms or ammunition for resale must be licensed as an importer under the Gun Control Act of 1968 and, if he is importing firearms, ammunition, firearms parts or implements of war (*other than sporting shotguns, shotgun shells, or shotgun parts*) he must also be registered as an importer under the Arms Export Control Act of 1976. No permit to import such articles for resale will be issued until the importer is properly licensed and registered.
3. A Federal firearms licensee, other than an importer, may make an occasional importation of sporting firearms or ammunition (*excluding surplus military*) for himself or an unlicensed person in the licensee's State, provided that the firearms and ammunition are intended for personal use of the person for whom imported and not for resale. ATF F 6 - Part I (5330.3A) is used to obtain approval for such importation.
4. A permit is not required for a firearm or ammunition brought into the United States or any possession thereof by any person who can establish to the satisfaction of Customs that such firearm or ammunition was previously taken out of the United States or any possession thereof by such person.
5. A permit is not required for the return of a repaired firearm, or replacement firearm of the same kind and type, to the person in the United States who sent the defective firearm out of the United States for repair.
6. A nonimmigrant alien entering the U.S. temporarily may submit this application to import his personally owned firearms and ammunition. The nonimmigrant alien must attach documentation to the application (*e.g., hunting license or permit lawfully issued in the United States; waiver*) establishing he falls within an exception to or has obtained a

waiver from the prohibition on nonimmigrant aliens possessing or receiving firearms. If the application is otherwise in order, the application (*permit*) will be approved on the conditions that it is not unlawful for the individual to possess the firearms and ammunition in the States in which he travels and that the firearms and ammunition will not be disposed of in the United States but taken out of the United States when the individual departs.

7. A nonlicensed person may submit this application to import his personally owned ammunition (*not firearms*) into the U.S. for his personal use and not for resale.
8. A nonresident U.S. citizen returning to the United States or a non-resident alien immigrating to the United States, from a permanent residence outside of the United States may complete and forward the enclosed ATF F 6 Part I permit application without having to utilize the services of a federally licensed firearms dealer. The nonresident should include a statement, either on the application form or on an attached sheet, that the firearms are being imported for his personal use and not for resale and that he is a nonresident U.S. citizen returning to the United States, or is a nonresident alien immigrating to the United States. The firearms must accompany the nonresident on entry into the United States, since once he is in the United States, and has acquired residence in a State, he may not directly import a firearm. If the firearms do not accompany him, either handcarried or in his baggage (*accompanied or unaccompanied*), he must engage the services of a federally licensed firearms dealer in his State of residence to import the sporting firearms (*excluding surplus military*) for him.
9. Under Arms Export Control Act regulations in 27 CFR 47.41(c), a permit is not required for the importation of:
 - a. U.S. Munitions Import List articles from Canada not subject to 27 CFR Part 178 and 179, except articles enumerated in Categories I, II, III, IV, VI(e), VIII(a), XVI, and XX; and nuclear weapons, strategic delivery systems, and all specifically designed components, parts, accessories, attachments, and associated equipment thereof. This leaves only non-GCA and NFA articles in Category VI(a) - (d) for Vessels of War, Category VII for Tanks and Military Vehicles, and Category XIV for Toxicological Agents and Equipment.
 - b. Minor components and parts of Category I(a) firearms, except barrels, cylinders, receivers (frames) or complete breech mechanisms, when the total value does not exceed \$100 wholesale in any single transaction. The \$100 wholesale value supersedes the previous dollar threshold of \$500 wholesale in any single transaction.
10. If a broker will be employed to facilitate importation, the name and address of that broker must be included in item 4. A broker means any person who acts as an agent for others in negotiating or arranging contracts, purchases, sales or transfers of defense articles or defense services in return for a fee, commission, or other consideration. NOTE: Arms Export Control Act regulations in 22 CFR Part 129 require, with certain exceptions, the registration and licensing of brokers. Questions about such registration and licensing should be directed to the Department of State, Office of Defense Trade Controls, (703) 875-6644.

PREPARATION

11. The applicant shall prepare this form in triplicate. Required signatures must be in ink on all copies. Other entries must be in ink or be typewritten.

(INSTRUCTIONS CONTINUED ON REVERSE)

The following identifying information on the final recipient must be shown in item 10: name, address, telephone and fax numbers, country of residence, citizenship, signature, and if a commercial entity or government agency, name and title of that organization's representative. A separate sheet of paper may be attached to the application if necessary.
15. Item 9, Certification of Origin: Importers must check both blocks in subsection A *OR* the block in subsection B. If item 9, is left blank, the form will be returned without action. 17. The permit is valid for 12 months from the date of approval. The approved application will serve as the permit to import the article(s) described on the form.
18. After approval, the Director will retain two copies and forward the original to the applicant or his designated agent, along with copies of ATF F 6A, Release and Receipt of Imported Firearms, Ammunition and Implements of War.

nonimmigrant aliens possessing or receiving firearms) must be presented to the U.S. Customs Service officials handling the importation to effect release of the articles. For the commercial import (*i.e., import for resale*) of firearms, firearms parts and components, and ammunition, the importer also must present to Customs in order to effect release of the articles either a corresponding export license issued by the exporting country or a statement, under penalty of perjury, that the exporting country does not issue export licenses.

22. The Customs officer, after determining that the importation is in order, will execute the certificate of release on ATF F 6A.
23. The Customs officer will forward the ATF F 6A to the address shown on the form and return the permit and any additional copies of ATF F 6A, to the applicant.
24. A nonimmigrant alien bringing firearms or ammunition into the United States who is exempt from needing an approved ATF F 6 - Part I (5330.3A) pursuant to 178.115(d) still must provide Customs with documentation establishing the nonimmigrant falls within an exception to or has obtained a waiver from the prohibition on nonimmigrant aliens possessing and receiving firearms.

PROHIBITED PERSONS UNDER U.S. LAW

25. The importer of a firearm should be familiar with provisions of law governing who may lawfully possess a firearm in the United States. Generally, 18 U.S.C. 922 prohibits the shipment, transportation, receipt, or possession in or affecting interstate commerce of a firearm by one who has been convicted of a crime punishable by imprisonment for a term exceeding one year; by one who is a fugitive from justice; by one who is an unlawful user of, or addicted to, marijuana, or any depressant, stimulant, or narcotic drug, or any other controlled substance; by one who has been adjudicated mentally defective or has been committed to a mental institution; by one who has been discharged from the Armed Forces under dishonorable conditions; by one who has renounced his or her U.S. citizenship; by one who is an alien illegally in the United States or is a nonimmigrant alien; by one who is subject to certain restraining orders; or by one who has been convicted of a misdemeanor crime of domestic violence.
